Presents

The Colorado Color Futurity Series **2025**

This is a progressive futurity series from 2025 – 2028

Foals born in 2025 will compete in their respective halter classes.

As yearlings in 2026 they can be shown in yearling halter and lunge line.

As 2 year olds in 2027, they can be shown in Ranch Rail, Western Pleasure, and or Hunter Under Saddle.

In 2028, as 3 year olds, they can be shown in Ranch Riding, Western Pleasure, and or Hunter Under Saddle.

In each of these futurities, a point system will be used based upon their placings to determine the winner of the series.

Each futurity class builds its own purse based on the number of entries and will payback 100%.

The series purse is built from Stallion, Mare and Foal nominations, as well as sponsorships.

There are also incentives that pay back the Stallion and Mare nominator.

This is open to APHA, AQHA, ApHC, and any other breed, or color breed association.

This year's weanling halter and yearling halter/lunge line futurity will be held September 6th at the Boulder County Fairgrounds in Longmont, Colorado.
